DEPARTMENT N--LAND PRODUCTS

Department Head: Master Gardeners

Pre Entry Forms Due: Friday, July 31, 2009

Arrival: 8:00 a.m. to Noon. & 4:00 p.m. to 7:00 p.m., Tuesday August 4, 2009

Judging: Wednesday August 5, 2009

Exhibit Pick up: Sunday, August 9, 11 AM to 2 PM

Note: Classes may be combined or divided as numbers warrant.

BEST OF SHOW, JUDGES CHOICE AND SUPERINTENDENTS CHOICE RIBBONS WILL BE AWARDED

Pre-registration forms with name, address and division are necessary to secure your entry number. You do not need to list classes until the day of entry.

For easier entering, please have your entry number and entry tag filled out before coming into the Land Products area of the Floral Building.

- Entries are limited to one per specified age category.
- Unless otherwise indicated, entries are to be displayed on a good quality white paper plate with stiff edges or on Styrofoam meat tray.
- Items with root ball attached should have the root ball bagged in plastic or presented in jar or container that will hold water to maintain freshness.
- Herbs should be in water. Bring your own jars.

TIPS ON PREPARING YOUR EXHIBITS

Vegetables should be in the stage of development where they are suitable for marketing or eating. These, along with good conditions, are the main points on which entries are judged. Where more than one specimen is required, uniformity is important.

1. Gather your vegetables early in the morning or late in the evening to retain crispness and flavor. Wash root vegetables in cold water and cut the tops, where required, to within 1" to 2" of the base.
2. Refrigerate in a closed plastic bag.
3. Perishable items that might shrivel such as beets, carrots, beans, pea pods or radishes, etc. can be presented in a plastic bag on the required plate to maintain fresh appearance.
4. Peel away only damaged leaves on cabbage.
5. Harvest onions early to allow for curing. Remove no more than one layer of skin to clean. Leave 1" at top and trim roots to 1/4".
6. Dig potatoes early enough to cure well before the fair. Brush or wipe with soft cloth to clean. Beans should be tender and snap readily.

DEPARTMENT N--LAND PRODUCTS

7. Root crops should be of medium size and uniform in length and diameter.
8. Sweet corn should be succulent and not beginning to be starchy.
9. Slicing cucumber should be firm but not ripe.
10. Summer squash and onions should be mature.
11. Ripe tomatoes should be fully red but still firm.
Eggs should be clean, uniform in size & color.

PREMIUMS

1st--\$3.00 2nd-- \$2.00 3rd--\$1.00

AGE CATEGORY: YOUTH--17 & UNDER

ADULT--18 - 54

SENIOR--55 & OVER

DIVISION 600--FRUIT

YOUTH	ADULT	SENIOR	CLASS
1000	4000	7000	Apples, crab, 5 specimens
1001	4001	7001	Apples, fall, 5 specimens
1002	4002	7002	Apples, summer, 5 specimens
1003	4003	7003	Blackberry, 1 pint box
